MACHINE DISHWASHING LIQUID – TECHNICAL DATA SHEET

Description

Chelated low foaming strongly alkaline liquid detergents for use in industrial dishwashing machines.

Product Code

DWL

The Control of Substances Hazardous to Health Regulations 2002 (COSHH)

For a Safety Data Sheet on this product please contact Confederate Chemicals by telephone, or by e-mail at lab@confederatechemicals.co.uk

Instructions for use

Load machine trays as recommended by the manufacturer, removing food scraps beforehand. Do not allow soiling to dry on before washing.

Typical use concentrations are between 10 to 15 gms/litre.

Typical wash temperature is 65°C.

Check suitability of decorated crockery to be machine dishwashed by test washing one item.

Use RINSE AID (RB) in the rinse cycle to promote rapid spot free drying.

Equipment

Aluminium is unsuitable.
